## ABOUT EUROCHEMBIO

One community. One stage.

One European voice for chemical biology.

A new chapter begins for European chemical biology. In 2027, Milan will host the inaugural EuroChemBio, a landmark congress created by joining forces between the long-standing European Chemical Biology Symposium (ECBS) and the EFMC International Symposium on Chemical Biology (EFMC-ISCB).

More than a new conference, EuroChemBio embodies a shared vision: bringing together Europe's scientific communities into a single, internationally recognised forum for **discovery, collaboration and innovation**.

Building on the momentum of ChemBioParis 2025 and EFMC-ISCB 2025 in Basel, EuroChemBio will become the flagship European event for researchers working at the interface of chemistry, biology and drug discovery.

Founded by EuChemS Division of Chemical Biology and Chemistry for Life Sciences (ChemBio Life), EFMC, EU-OPENSREEN and the Swiss Chemical Society, the congress reflects an unprecedented institutional alliance designed to strengthen scientific excellence, foster interdisciplinary exchange and increase Europe's global visibility in chemical biology.

EuroChemBio will be held every two years, alternating leadership between the partner organisations, with Milan launching the series in 2027.

## WHY EUROCHEMBIO

### The Vision Behind EuroChemBio

#### A New European Home

EuroChemBio creates a new shared platform for the European chemical biology community, bringing researchers together in one internationally recognised congress.

#### Uniting Europe

The congress brings together Europe's scientific communities, institutions and networks to encourage collaboration across disciplines and countries.

#### Built on Momentum

EuroChemBio builds on the success of recent European chemical biology meetings and their ability to attract an international scientific community.

#### A Strong Alliance

The congress is supported by leading European scientific organisations working together to strengthen excellence, exchange and innovation.

#### A Biennial Tradition

EuroChemBio will take place every two years, creating a regular European meeting point for chemical biology research and collaboration.

## OUR PARTNERS

### A Strong Alliance for European Chemical Biology

**EuChemS**  
European Chemical Society  
— Division of Chemical Biology and  
Chemistry in Life Sciences —

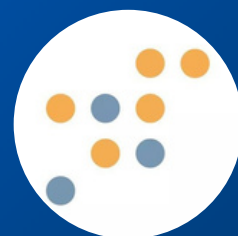

**EuChemS**

EuChemS Division of Chemical  
Biology and Chemistry for Life  
Sciences (ChemBio Life)

**EFMC**

European Federation for  
Medicinal Chemistry and  
Chemical Biology

**EU-OPENSOURCE ERIC**

**SCS**

Swiss Chemical Society

## INSTITUTIONAL SUPPORT

### With the Patronage of

**Società  
Chimica  
Italiana**

**Società Chimica  
Italiana – SCI**

EuroChemBio 2027 is held under the patronage of the Italian Chemical Society, in recognition of the scientific relevance of the Congress and its contribution to the advancement of chemical biology.

## SCIENTIFIC FOCUS

# Twelve Questions Shaping the Future of Chemical Biology

### 1. Spatial Chemical Biology

How does molecular location determine biological function?

### 2. Chemical Biology of Cell Communication

How do cells communicate through metabolites, lipids, glycans and proteins?

### 3. Microbiota-Host Chemical Dialogue

Which microbial molecules shape human physiology?

### 4. Immune Chemical Biology

How can chemistry decode and reprogram immunity?

### 5. Living Chemistry

Can we control molecular processes directly inside living organisms?

### 6. Next-Generation Molecular Technologies

What tools will define chemical biology in the next decade?

### 7. AI for Chemical Biology

Can artificial intelligence accelerate molecular discovery and biological understanding?

### 8. Chemical Biology Beyond Drug Discovery

How can chemical biology transform diagnostics, regenerative medicine and precision health?

### 9. Beyond Small Molecules

How can siRNA therapeutics silence disease and expand the boundaries of chemical biology?

### 10. Glyco-Chemical Biology

How do glycans encode biological information?

### 11. Natural Products as Biological Blueprints

How does evolution design bioactive molecules?

### 12. Chemical Biology in Industry

How can chemical biology drive innovation from scientific discovery to industrial application?

## WHY MILAN

### Where Science, Innovation and Culture Meet

Milan, the capital of Lombardy, is one of Europe's leading centres for science, innovation, business and culture.

Home to internationally recognised universities, research centres and a vibrant life-sciences ecosystem, the city offers an ideal setting for a congress bringing together chemistry, biology and drug discovery.

Compact, dynamic and internationally connected, Milan combines an efficient public transport system with world-renowned architecture, museums, design and Italian hospitality.

## THE HOME OF EUROCHEMBIO 2027

### Palazzo Lombardia

Palazzo Lombardia is the headquarters of Regione Lombardia and one of Milan's most distinctive contemporary landmarks.

Designed to host major institutional events and international conferences, the complex combines architectural prestige, modern facilities and excellent accessibility.

Its flexible spaces, advanced technology and strategic location make it an ideal setting for EuroChemBio 2027.

**3,800 sqm**

Covered public square

**374**

Sala Marco Biagi capacity

**350**

Auditorium Testori seats

## AUDIENCE & SPONSOR VALUE

Connecting with Europe's chemical biology and pharmaceutical research community

Access to a **qualified scientific audience** from academia, biotech and pharma.

Visibility within a new **European flagship congress** dedicated to chemical biology.

Opportunities to connect with **researchers and industry stakeholders**, including young scientists and technology platforms.

A focused exhibition environment for companies providing **research services and technologies**, including reagents, instrumentation, software, AI and scientific publishing.

## SPONSORSHIP PACKAGES

Flexible partnership levels designed for different visibility and engagement needs

|                  |                  |                    |             |
|------------------|------------------|--------------------|-------------|
| DIAMOND PARTNER  | EUR 10,000 + VAT | Lead Sponsor       | 1 available |
| PLATINUM PARTNER | EUR 8,000 + VAT  | Premium Sponsor    | Max 2       |
| GOLD PARTNER     | EUR 6,000 + VAT  | Thematic Sponsor   | Max 4       |
| SILVER PARTNER   | EUR 3,500 + VAT  | Visibility Sponsor | Max 6       |
| BRONZE PARTNER   | EUR 2,000 + VAT  | Supporting Sponsor | Max 8       |

All fees are VAT excluded. Sponsorship opportunities are subject to availability and approval by the Organising Committee.

## BENEFITS OVERVIEW

A practical overview of the core assets included in each package

| BENEFIT                        | DIAMOND                            | PLATINUM                   | GOLD                | SILVER                            | BRONZE                     |
|--------------------------------|------------------------------------|----------------------------|---------------------|-----------------------------------|----------------------------|
| Booth Included                 | 9 sqm                              | 6 sqm                      | 6 sqm               | 4 sqm                             | Add-on                     |
| Full congress registrations    | 4                                  | 3                          | 2                   | 1                                 | -                          |
| Exhibitor staff passes         | 3                                  | 2                          | 1                   | 1                                 | 1                          |
| Digital programme visibility   | Premium logo placement             | Enhanced logo placement    | Logo placement      | Logo placement                    | Logo listing               |
| Social / newsletter visibility | 2 posts + 2 pushes                 | 1 post + 1 push            | 1 post + 1 push     | Logo slides                       | Logo online                |
| Scientific visibility          | Premium scientific acknowledgement | Scientific acknowledgement | Session association | Acknowledgement on session slides | Supporting acknowledgement |

Subject to prior approval by the Scientific Committee and the Organising Committee. No promotional scientific content is guaranteed.

## EXHIBITION OPPORTUNITIES

An exhibition area designed as part of the congress experience

**Exhibitor  
Premium**  
**€6,500 + VAT**

9 sqm

Exhibition space (booth excluded), 3 staff passes, 1 full registration, logo on website and exhibition map.

**Exhibitor Plus**  
**€4,500 + VAT**  
6 sqm

Exhibition space (booth excluded), 2 staff passes, 1 full registration, website logo.

**Exhibitor  
Standard**  
**€3,000 + VAT**  
4 sqm

Table, chairs, electricity, 2 staff passes, website logo.

**Start-up /  
Academic Tech Desk**  
**€1,500 – 2,000 + VAT**

Light desk, 1 staff pass and online logo visibility.

## ADDITIONAL SPONSORSHIP OPPORTUNITIES

High-visibility moments and branded experiences  
available as package integrations or standalone options

Welcome Reception  
Sponsor  
€12,000 + VAT

Gala / Networking  
Dinner Sponsor  
€15,000 + VAT

Poster Session  
Sponsor  
€8,000 + VAT each

Coffee Break Sponsor  
€7,500 + VAT each

Private Lunch Sponsor  
€7,000 + VAT each

Lunch Symposium, 45  
minutes  
€12,000 - €15,000 + VAT

Lanyard Sponsor  
€4,000 + VAT

Mobile App / Digital  
Programme  
€7,000 + VAT

Additional opportunities may include congress bag, notebook, pen sponsorship and other customised options subject to prior approval.

## COMMERCIAL CONDITIONS

### Clear rules to protect scientific quality and sponsor value

- All amounts are VAT excluded. Italian VAT is currently 22%.
- Packages and exclusive opportunities are subject to availability and Organising Committee confirmation.
- Booth position is assigned according to sponsorship level and order of confirmation.
- Speaking slots and scientific content must be approved by the Scientific Committee.
- Sponsor materials, logos and artwork must be submitted by agreed deadlines.
- Complimentary registrations are not convertible into cash.
- Custom sponsorship requests will be evaluated case by case.
